Recent Arrival! Blind Spot Assist, Blind Spot Assist Pack, Climate Pack, Garage Door Opener (HomeLink), Heated Steering Wheel, Heated Windshield, Radio: Meridian 770W Surround Sound System, Rear Traffic Monitor, Two-Zone Climate Control. 2021 Jaguar F-TYPE R White. The Jaguar F-Type R is the pinnacle of the British marque's sports car lineup, blending raw power with a refreshed aesthetic for the current model year. This high-performance coupe features a redesigned front fascia with slim LED headlights and a more assertive stance that commands attention on any road. It serves as a sophisticated grand tourer that refuses to compromise on its aggressive racing heritage. Performance Under the hood lies a supercharged V-eight engine delivering five hundred seventy-five horsepower and five hundred sixteen pound-feet of torque. This powerhouse is paired with a quick-shifting eight-speed automatic transmission and an intelligent all-wheel-drive system, allowing the vehicle to sprint from zero to sixty miles per hour in just three and a half seconds. The R-exclusive suspension tuning and electronic active differential ensure exceptional agility and grip through tight corners, while the switchable active sports exhaust provides a distinctive, visceral soundtrack. Design The exterior showcases a dramatic silhouette with a long hood and muscular rear haunches. New for this year are elongated "J" blade daytime running lights and redesigned chicane-signature LED taillights that wrap around the wheel arches. The aerodynamic profile is further enhanced by a deployable rear spoiler and twenty-inch gloss black wheels. Inside, the cabin follows a driver-centric layout featuring performance seats wrapped in premium leather with contrast stitching and embossed "R" logos on the headrests. Technology Drivers are greeted by a twelve-point-three-inch interactive driver display that offers high-definition mapping and customizable instrument clusters. The central infotainment system utilizes a ten-inch touchscreen with standard smartphone integration for seamless connectivity. Sound is delivered through a premium Meridian audio system, providing an immersive listening experience. Additional features include navigation Pro, a connected services suite, and an available online pack with a data plan. Advanced Safety Features Safety is prioritized through a suite of driver assistance technologies designed to enhance confidence. Standard equipment includes emergency braking, lane keep assist, and a driver condition monitor that detects signs of fatigue. Traffic sign recognition and an adaptive speed limiter help the driver stay informed of local regulations, while front and rear parking sensors coupled with a rear camera assist in low-speed maneuvering. Convenience and Comfort The interior offers a luxurious environment with twelve-way electric memory front seats that allow for a highly personalized driving position. Dual-zone climate control and a heated steering wheel ensure comfort regardless of the weather outside. For added utility, the coupe provides a functional cargo area accessible via a power tailgate, while keyless entry and push-button start streamline the daily experience of entering and starting the vehicle. Here at Jaguar Land Rover Schaumburg, we appreciate the opportunity to earn your business.
