The 2024 Jaguar F-Pace SVR is the performance flagship of the brand, merging luxury crossover utility with a track-inspired heart. Refined by Special Vehicle Operations, this model features an exterior defined by enlarged air intakes and a specialized aerodynamic package. Its aggressive stance is complemented by a high-performance braking system and an active exhaust that provides a visceral soundtrack. Performance The heart of this vehicle is a supercharged 5 liter V 8 engine producing 542 horsepower and 516 pound-feet of torque. Power is delivered through an 8-speed automatic transmission and an all-wheel-drive system favoring rear-wheel bias. It accelerates from 0 to 60 miles per hour in 3.8 seconds and reaches a top speed of 178 miles per hour. Design The exterior is sculpted for cooling efficiency, featuring unique SVR bumpers and signature fender apertures. It standardizes 21 inch forged alloy wheels that enhance its muscular profile. The cabin utilizes premium materials like Windsor leather and Suedecloth on performance seats providing exceptional lateral support. Satin Chrome gearshift paddles and SVR branding throughout the interior emphasize its elite status within the Jaguar lineup. Technology An 11.4 inch curved glass touchscreen serves as the hub for the Pivi Pro infotainment system, featuring an intuitive interface. This system supports wireless smartphone integration and receives over-the-air updates to ensure the latest features are available. Drivers benefit from a high-definition interactive display and a head-up display projecting speed directly onto the windshield. A Meridian Surround Sound system provides a premium audio experience. Advanced Safety Features Safety is prioritized through driver assistance technologies, including adaptive cruise control and lane keep assist. The vehicle monitors surroundings with a 3D surround camera and blind spot assist to help navigate tight spaces. Rear traffic monitor and traffic sign recognition provide additional layers of awareness, while emergency braking is standard to help mitigate potential collisions in urban environments. Convenience and Comfort The interior offers 14-way heated and cooled electric memory front seats, ensuring personalized comfort. Cabin Lighting allows for a customizable atmosphere, while 2-zone climate control maintains the ideal temperature. For added utility, the rear seats feature a 40-20-40 split-fold design, and the powered tailgate provides easy access to the cargo area. Keyless entry and a heated steering wheel further enhance daily usability. Here at Jaguar Land Rover Schaumburg, we appreciate the opportunity to earn your business.
